

Moe Training Tutorial 7

Flat having an alternative exit

1. Show the location of smoke detectors on the plan and state what clauses of the Approved Document Part B the system should comply with?
2. Does the floor layout plans show compliance with Approved Document Part B?

If not list the areas that need revising stating the clauses in the guidance you have referred to, and show on the plans how the floor layouts can be altered to show compliance.

3. Due to the need for high security it is proposed to fit multiple dead locks on the final exit doors, is this acceptable?

If these proposals were not acceptable, what type of locking arrangements would be suitable?

4. Does entrance door to the flat need smoke seals?
